WHAT IS SPARE KEY?

Spare Key serves families with a critically ill or seriously injured member of the family. No matter the illness. No matter the injury. No matter the income. Spare Key helps families "Bounce and Not Break" through our Help Me Bounce platform (helpmebounce.org), connecting families directly to donors to raise funds for their most critical expenses during medical crisis. Spare Key is committed to helping families stay by their loved one's side by relieving the stress, anxiety and financial burden that comes with a medical crisis.

WHO USES SPARE KEY?

While a majority of families are referred to Spare Key by a social worker, any family can go to www.helpmebounce.org and submit an application to be eligible to participate in Spare Key's Help Me Bounce Program. The major qualifier for any family facing a medical crisis is to have a medical professional to confirm their situation.

Spare Key serves families who have loved ones facing cancer, chronic diseases, traumatic injuries, birth defects, mental health struggles, premature births and many other types of sudden illnesses or injuries.

IS IT EASY TO APPLY?

Easier than you can imagine! By going to www.helpmebounce.org, a family can complete an application in less than thirty minutes. The only required information, other than the online application, is a profile story and photo, funding goals, and a brief email confirmation from a hospital social worker or medical professional.

HOW IS SPARE KEY FUNDED?

100% of our funding comes from private donations, events, corporate support and foundation grants. We received no public or government funds or fees for services. 100% of the funds raised for a family through their Help Me Bounce campaign goes exactly where donors intend. All payments are made directly to the servicer attached to each funding goal, with no administrative fees. No payments will ever be made to the family.
